## I. General Notes:

- A permit is not required where the valuation does not exceed \$500.00, unless an inspection is necessary, in which case there shall be a minimum fee for single trade, single trip inspection permit as described below.
- All other permits shall be as specified below.
- **Fences:** chain link, vinyl or wood 6' or less in height, paving, work of a strictly cosmetic nature (painting, wallpapering, carpeting, kitchen cabinets, etc.), or roof are required. For work less than \$750.00 in value, permit fee will be \$91.00. For work in excess of \$750.00, permit fee shall be calculated in accordance with **New Construction Permit Fees** (found on page 4).
- For statistical use and to determine permit fees, the estimated cost of construction used on the permit shall be calculated on the actual cost but no less than the latest building valuation data published by the International Code Congress for Florida <http://www.iccsafe.org/cs/techservices> on the gross area of the building for new construction and on the work area for additions and renovations. For 1 and 2 Family Residential, unconditioned and open and covered areas spaces will be calculated as Utility Occupancy.
- All Remodel/Rehab Fees shall be calculated the same as new construction, based on the area being remodeled.
- Unless otherwise noted, fees include only the one Trade Section of the schedule section that they are located in.

**1. Permit Fee Minimum** (Per trade for single trip inspections when there is no specific permit fees specified within the fee schedule) \$91.00

**2. Economy Permit Fee**—Routine building maintenance work. \$68.00  
Water Heater Replacement, T.U.G. Inspections, Water Conditioner Replacement, Water Service/Sewer Replacement, LPG Change of

### 3. “After-the-Fact” permit fees

- a. Shall be two (2) times the normal fee.
- b. Any subsequent “After-the-Fact” permit issued to the same licensed contractor within the following twelve (12) months shall be ten (10) times the normal fee.

**4. New Construction Permit Fees** – For statistical use and to determine permit fees, the estimated cost of construction provided on the permit application shall be calculated on the actual cost but no less than the latest building valuation data published by the International Code Congress at: <http://www.iccsafe.org/cs/Pages/BVD.aspx> (as adjusted for Florida if any), based on the type of construction and gross square footage of the structure/work area.

- a. Trades included in New Construction permit fee calculations will be Building, Mechanical, Electric and Plumbing. Fees for other trades will be added as necessary.
- b. All Remodel/Rehab Fees shall be calculated using the same method as new construction.

Fixed fee permits are calculated on the historical average number of expected inspections. The Town reserves the right to limit or increase the number of inspections and adjust fees accordingly.

No credit or fee reduction for “Master Plan” permits.
